

Hello,

It is my pleasure to provide more information about the Jeunesse business and line of products.

In a nutshell, Jeunesse Global is a 6 year old Anti-Aging giant open for business in over 120 countries, yet very early in the market of the Americas and Europe as they started in the Asian markets. The company's mission is:

*"The Jeunesse Family creates positive impact in the world by helping people look & feel young, while empowering each other to unleash our potential."*

Jeunesse focuses on revolutionary patented and proprietary anti-aging technologies helping consumers feel and look younger inside and out. In North, Central and South America and Europe we are positioned "ground floor timing" which makes it, in itself, an incredible opportunity, timing wise, for anyone interested in building a large business.

Jeunesse shows strong International growth and expansion since their strong market launch in Asia 6 years ago. In 2013, Jeunesse was awarded the very prestigious Rising Star award (<https://www.youtube.com/watch?v=esjPzQQaWU0>) and also ranked the third fastest growing company within the industry. Worldwide sales for Jeunesse Global in 2012 hit \$126M (after only 3 years of business) and in 2013 the sales grew to \$256M, and then \$419M for 2014, with the bulk of those sales being in Asia.

Jeunesse earned the title of the fastest growing DSA company on the INC. 500 list in 2014: <http://www.businessforhome.org/2014/09/jeunesse-is-no-1-fastest-growing-dsa-company-on-the-inc-500/>

And those revenue records and awards were achieved prior to the launch of their new proprietary product named "Instantly Ageless". The only way to believe what this product can do is to see it. Here is a 90 second video of the product demonstration that occurred live in front of 2000 people in Orlando in November 2014:

Jeunesse, in 2015, has just become the fastest company in Network Marketing history to surpass the \$1 Billion USD in yearly revenues. Their goal is to be the No. 1 company in the World and surpass yearly sales of \$10B per year by the end of 2020.

While Ageless gives instant results, Jeunesse has a **patent pending** technology used in their Luminesce skin care line that diminishes wrinkles by around 50-60% within 1-8 weeks, most see results within 1-2 weeks on fine line and wrinkles. It is also amazing on age spots, acne, burns,

scars and yes even on old stretch marks and many other skin issues. Since seeing is believing, you will find in attachment many before and after pictures of individuals in our team and the results that they have seen with this revolutionary stem cell activation technology that activates your own stem cells to repair and regenerate your skin like it use to. Here is the video explaining how these results can be achieved: <https://youtu.be/vxsrYlinqHg>

- Here is a news piece of this technology's developer, Dr. Newman and what he does at his clinic with live adult stem cells which will demonstrate why he is such a pioneer in the field of stem cells and why this product is truly revolutionary: <http://youtu.be/dwZDdWd8q0M>

As already mentioned, Jeunesse has revolutionary products that can profoundly impact people on the inside, not just the outside. Here is a video explaining their product called "Finiti" containing the ingredient TA-65, the only ingredient scientifically proven to lengthen short telomeres in human beings. And the 2009 Nobel prize in medicine was awarded for demonstrating that humans age because our telomeres get too short. Jeunesse has the exclusive worldwide distribution rights for this product within the Direct Sales industry. Here is the Finiti video: [https://youtu.be/\\_sk2-NvIkW0](https://youtu.be/_sk2-NvIkW0)

To give you a real idea of what is possible with Jeunesse, our partners Christine and Pierre Gaudet (which would be available to work closely with you also), after being out of the Network Marketing industry for 4 years, launched their Jeunesse business on November 14<sup>th</sup> of 2013, and after just 24 months they have reached team sales of over \$1 million per month with over 20 000 people in their team. Christine and Pierre are one of the fastest growing teams in the world right now and are fully committed to assisting everyone in their team reach their financial goals and aspirations as quickly as possible.
